Composcoffee Drop Down practical code

```java
package coffee;

import org.openqa.selenium.WebDriver;
import org.openqa.selenium.chrome.ChromeDriver;

public class DropDown {

        public static void main(String[] args) throws InterruptedException

        {

System.setProperty("webdriver.chrome.driver","C:\\Selenium\\chromedriver.exe");

    WebDriver driver=new ChromeDriver();
    driver.get("https://camposcoffee.com/");
    driver.manage().window().maximize();

driver.navigate().to("https://camposcoffee.com/our-story/history/");
```

```java
driver.navigate().to("https://camposcoffee.com/product-category/coffee/");

driver.navigate().to("https://camposcoffee.com/product-category/subscriptions/");

driver.navigate().to("https://camposcoffee.com/product/campos-capsule-subscription/");

driver.navigate().to("https://camposcoffee.com/partner/");

driver.navigate().to("https://camposcoffee.com/cafe-finder/");

    Thread.sleep(5000);
    driver.close();

            }

}
```
